ELECTRICITY on the FARM
National Magazine of Rural Electrification

INDEX

Volume XVII—1944

January through December

	Issue	Page
ABBOTT (4-H boy improvises brooder)—contest letter	Mar.	9
ABC of using refrigerators	Oct.	19
Air compressor for farm (Q. & A.)	June	21
Air compressor—homemade	Mar.	8
Air compressor—home-rigged portable	Apr.	14
Air conditioned home vegetable storage	Oct.	12
Apples thinned by spraying	Feb.	25
A "sure enough" push button barn cleaner	Nov.	7
Attic fan—cooling with (Q. & A.)	June	20
Auto generator to motor (Q. & A.)	Oct.	24
Avoid these wiring hazards	May	21
BABY "make it do"	Apr.	14
Baled hay elevator (Q. & A.)	May	24
Barn cleaner—Shepherd	Nov.	7
Barrel brooder for pigs	Jan.	7
Basic English	Feb.	15
Battery charged, keep the car	Apr.	23
Battery charger, home	Jan.	10
Battery, charge with motor on car generator (Q. & A.)	Aug.	22
Bean sorter (Q. & A.)	May	24
Beaver (Electricity helped clear land and earn $722)—contest letter	Feb.	8
Bee frames—cleaning the easy way	Nov.	22
Bees—mirror clears street of	June	12
Beresford (Shop talk)	Aug.	10
Bidlack (Good turkey management pays dividends)	Oct.	7
Bidlack (Pig and lamb brooders at Buck and Doe Run)	Mar.	13
Bigelow (Cellar houses vs. refrigerators)	May	16
Bigelow (Cook stoves)	Mar.	14
Bigelow (Water from a well)	Apr.	16
Blankets wired for warmth	Feb.	18
Bodwell (Frozen "red flannel hash")	May	11
Boot warmer	Mar.	20
Bottle warmer	Apr.	14
Boys and electricity take the place of two men	Mar.	9
Brecher farm—Elec. Saves $15 per mo.	Dec.	9
Brine for refrigeration systems	Aug.	12
Brooder earns $80—contest letter	Mar.	9
Brooders, elec. in pig management	Jan.	7
Brooders—for turkeys	Oct.	7
Brooders, learn about	Nov.	22
Brooding reminders	Mar.	8
Brown (How electricity helps me moat)—contest letter	June	18
Buckrakes—double the speed of storing hay in barns	Nov.	19
Bugbee (Air conditioned home vegetable storage)	Oct.	12
Bugbee (Treat that milking machine right)	Apr.	7
Business hobby on the farm	Nov.	14
CALCIUM—plant	May	18
Canning, check up on	Aug.	14
Caponizer, elec. (Q. & A.)	Feb.	26
Care and repair		
Car generator	Nov.	25
Cleaning bee frames	Nov.	22
Farm water systems	Jan.	6
Heating pads	Jan.	24
Milk cooler	May	14
Milk cooler	Dec.	14
Milking machines	Dec.	8
Motors	Jan.	22
Motors	May	26
Plumbing	Feb.	11
Ranges	Nov.	24
Storage batteries	Jan.	10
Welder on Culbertson farm	Mar.	8
Welder repairs machinery	Mar.	9
Care of milking machines	Dec.	8
Carey (The Culbertson electrified farm shop)	Mar.	7
Cauthen (Electricity extends doctor's usefulness)	Apr.	23
Cedar paper for closet walls	Jan.	19
Celery, water for	May	25
Cellar houses vs. refrigerators	May	16
Charge retaining storage battery (W. N.)	May	26
Charging and care of storage batteries	Jan.	10
Check up on canning	Aug.	14
Chemical prevents mud	Nov.	26
Chickens of merit—USDA directory	Feb.	25
Chick raisin' secrets	Feb.	12
Clapper (A story of the Naumans)	Jan.	13
Clapper (Feed saving device)	Feb.	8
Clapper (Hasn't hollered "Uncle")	Feb.	15
Cleaning bee frames the easy way	Nov.	22
Clothes drier (W. N.)	Dec.	26
Coleman (Baby "make it do")	Apr.	14
College corn	Jan.	21
Colors reflect or absorb light	Oct.	10
Comfortable tool grinder	Dec.	14
Compressor, air—homemade	Mar.	8
Compressor—home-rigged portable air	Apr.	14
Concrete mixer from drum and auto parts	Apr.	10
Concrete mixer—Ohio homemade	Oct.	9
Cooker for stock feed	Nov.	12
Cook stove—research	Mar.	14
Cooler, milk—care of	May	14
Cooling milk, water for (Q. & A.)	May	24
Cords (Nothing new; but it helped)—contest letter	Mar.	9
Corn sheller wheel (Q. & A.)	May	23
Corn shelling made easy	Nov.	19
Corn storage—electricity aids	Mar.	24
Correction—farm fire protection	May	24
Cows killed by bad wiring	Nov.	26
Culbertson electrified farm shop	Mar.	7
Cushman (Future of dairying)	Apr.	9
Curry comb, elec. (Q. & A.)	May	24
CX lamp for poultry	Oct.	8
DAIRY equipment	June	10
Dairy utensil sterilization	May	7
Dairy water heater, elec. for sanitation	Aug.	12
Dairying—future of	Apr.	9
DDT—post-war farm insecticide	June	12
DeBolt farm management	Feb.	15
DeHaven ($20 for watering garden)—contest letter	Mar.	9
Dehydrators—what has happened to them?	Aug.	19
Denson (Taught school, raised garden, poultry and canned food with aid of electricity—contest letter	Feb.	8
Design factors for mow hay finishers	Mar.	11
Dimes to fight polio	Jan.	9
Doctor's usefulness aided by electricity	Apr.	23
Donovan (Electric equipment loaners' club)	Jan.	17
Donovan (Electric fan dries clothes faster)	Oct.	18
Donovan (Farm wives plan post-war buying)	May	12
Double duty sacks	Oct.	20
Do you blanket your motor?	Jan.	22
Drag saws in the Northwest	Dec.	10
Drier for chicken droppings (Q. & A.)	Apr.	25
Drier for fruit pomace (Q. & A.)	June	7
Drill, elec.	Mar.	24
Drogseth (Winter)—poem	Feb.	14

ELECTRICITY ON THE FARM
The National Magazine of Rural Electrification

CASE - SHEPPERD - MANN PUBLISHING CORP.
Executive Offices: 24 W. 40th St., New York 18, N. Y.

GEORGE W. KABLE, *Editor;* KARL M. MANN, *President;* FRED SHEPPERD, *Editorial Director;* I. H. CASE, *Vice-President and General Manager;* K. H. GORHAM, *Advertising Manager,* 24 W. 40th St., New York 18, N. Y. W. S. CLEVENGER, *Western Manager;* L. M. ROCHE, *Western Representative,* 6 North Michigan Ave., Chicago 2, Ill. C. H. WOOLLEY, 605 Market St., San Francisco 5, Calif.; AUGUST HAURIN, JR., 6000 Miramonte Blvd., Los Angeles 1, Calif. Subscription rates: 75 cents per year; single copies, 10 cents. Special bulk rates on application.

Contents copyrighted 1944 by Case-Shepperd-Mann Pub. Corp.

	Issue	Page
Drying clothes with a fan	Oct.	18
Dry poultry droppings for grinding (Q. & A.)	June	7
Dyne—new milk product	Jan.	19
"EDITOR'S Chat"		
Electricity in management	Jan.	4
Gum floors	Jan.	4
New start	Jan.	4
Is it worn out?	Feb.	4
Liberty	Feb.	4
Hay	Mar.	4
Democracy in wartime	Mar.	4
Sunny as a subway train	Apr.	4
Self-feeder folks	Apr.	4
Files	Apr.	4
Soldier training	Apr.	4
Farm real estate	May	4
Job analysis	May	4
June-July combined issue	May	4
Post war buying	May	4
4-H scientists	May	4
Seventeen this month	June	4
My Dad	June	4
Mow hay driers near you	Aug.	4
Paper—Most critical material	Aug.	4
The issue	Aug.	4
9 o'clock express	Aug.	4
August-September issue	Aug.	4
The election	Oct.	4
Now	Nov.	4
Hurricane	Nov.	4
Farm conversion	Nov.	4
We're enthusiastic	Nov.	4
Homemade equipment	Dec.	4
No labor trouble	Dec.	4
Pack a pedometer	Dec.	4
Edmund (Growing sweet potato plants electrically)	Apr.	14
Eggs by the yard	Apr.	24
Electric aids to farm production in 1943—contest letters	Mar.	9
Electric brooders in pig management	Jan.	7
Electric curry comb (Q. & A.)	May	24
Electric dairy water heater for sanitation	Aug.	12
Electric drag saws in the Northwest	Dec.	10
Electric drill	Mar.	24
Electric equipment loaners' club	Jan.	17
Electric fence—homemade, kills boy	Nov.	10
Electric fences—lightning arrestors on	Nov.	20
Electric heat here and there	Feb.	24
Electric heat tests seed potatoes	May	13
Electric hotbeds best for starting plants	Feb.	9
Electric rates (Q. & A.)	May	23
Electric stock feed cooker	Nov.	12
Electric welder—Culbertson shop	Mar.	8
Electricity aids in emergency corn storage	Mar.	24
Electricity enables me to be Postmaster—contest letter	Mar.	9
Electricity extends doctor's usefulness	Apr.	23
Electricity not being sold to farmers	Dec.	14
Electricity saves Brecher Bros. $15 a month	Dec.	9
Electricity unloads the corn wagon	Aug.	11
Electrocutor for sparrows (Q. & A.)	Mar.	21
Electronic rectifier	Jan.	10
Elevator for baled hay (Q. & A.)	May	24
Elevator for fruit boxes and baskets (Q. & A.)	Aug.	23
Elevator in the corn wagon	Aug.	11
Elevators, electric	June	11
Engle (Wife did the milking)—contest letter	Mar.	9
Ensilage cutter—motor for 19" (Q. & A.)	June	22
Ensz (Electric aids to farming) contest letter	Mar.	9
Equipment dealerships	June	12
Equipment—farm electric	May	9
Equipment for farm home—wives plan	May	12
Equipment—Is it worn out?	Feb.	4
FAN dries clothes faster	Oct.	18
Fans, kitchen	Aug.	16
Fans, winter use of	Feb.	17
Farm management—Naumans	Jan.	13
Farm management—job analysis	Apr.	9
Farm wives plan post-war buying	May	12
Fast milking	Nov.	9
Fearn (Milk warmer for calf barns)	Dec.	12
Feathers—saving wet (O. & A.)	Jan.	24
Feed chopper—3 hp.	Oct.	22
Feed grinder saves $125 per year	Dec.	7
Feed mixers	Nov.	21
Feed saving device	Feb.	8
Fence controller—A.C. to D.C. (Q. & A.)	Nov.	25
Fence, elec.—homemade, kills boy	Nov.	10
Fence post driver	Nov.	26
Fences, electric	June	11
Fences, elec.—lightning arrestors on	Nov.	20
15-hen laying house	Mar.	23
Files for the farm shop	Apr.	8
Filling the silo a little each day	Aug.	9
Fire prevention pointers	Oct.	14
Fire protection (Q. & A.)	Mar.	21
Fire protection, farm—correction	May	24
Fire volunteers	Dec.	14
Fish ponds	Aug.	24
Flying suits—farmers test	Apr.	24
Fly screens and traps (Q. & A.)	Aug.	20
Fly trap—homemade (Q. & A.)	Oct.	23
Food dehydrators—what has happened to them?	Aug.	19
4-H club boy improvises brooder; earns $80—contest letter	Mar.	9
4-H'ers win science awards	May	14
Four small motors on one hay hoist (Q. & A.)	June	25
Freezer compressor, how big? (Q. & A.)	Aug.	23
Freezer from refrigerator (Q. & A.)	June	24
Freezer survey in New Hampshire	May	11
Freezer, why we want another	Aug.	7
Freezing temperatures of storage batteries	Jan.	10
From hamper to clothespins	May	20
Frozen food packaging materials (W. N.)	Aug.	25
Frozen "red flannel hash"	May	11
Future of dairying	Apr.	9
GALVANIZED roofs—how to save	Feb.	24
Gate—attractive, wheel	May	9
Generator—"laying-by" the car (Q. & A.)	Nov.	25
Generators for battery chargers	Jan.	11
Gibson (Woman milks the cows, husband works in war plant)—contest letter	Feb.	7
Gifts for your electric servants	Dec.	20
Gifts of service	Dec.	16
Good turkey management pays dividends	Oct.	7
Good wiring is a good investment—Article 5	Jan.	16
Good wiring is safe—Article 6	Feb.	13
Grain blower—1 hp.	Mar.	9
Grass a perfect feed	May	22
Grinder "in the clear"	Feb.	17
Ground floor hay storage	Dec.	14
Growing sweet potato plants electrically	Apr.	14
HANDLES—to make stick	Oct.	8
Harrison (Comfortable tool grinder)	Dec.	14
Harrison (Electricity aids in emergency corn storage)	Mar.	24
Harrison (Water for celery)	May	25
Hasn't hollered "Uncle"	Feb.	15
Have you any paper logs?	Jan.	23
Hay driers	June	10
Hay driers—in Virginia	Mar.	10
Hay driers near you	Aug.	4
Hay elevator, baled (Q. & A.)	May	24
Hay feeding system	Dec.	14
Hay finishers	Mar.	4
Hay finishers—design factors	Mar.	11
Hay hoist—four small motors for (Q. & A.)	June	25
Hay hoist from auto transmission (Q. & A.)	Aug.	21
Hazards, wiring—avoid these	May	21
Heat, elec.—tests seed potatoes	May	13
Heat here and there	Feb.	24
Heating sheep dip (Q. & A.)	Nov.	25
Hay chopped and seed cleaned—contest letter	Feb.	7
Heater for 150 gallon water tank (Q. & A.)	Dec.	23
Heating house with electricity (Q. & A.)	Dec.	25
Heating pads, repairs for (Q. & A.)	Jan.	24
Hen house—for 15 hens	Mar.	23
Hoist—pit silo (Q. & A.)	Jan.	24
Holden (Attractive yard entrance)	May	9
Home rigged electric fence kills boy	Nov.	10
Honey contains vitamins	Dec.	21
Hopson (Care of milking machines)	Dec.	8
Hopson (New techniques in milking)	Nov.	9
Hose irrigator (W. N.)	May	26
Hose—run levels with a	May	26
Hotbed—wire to (Q. & A.)	Mar.	22
Hotbeds, elec. best for starting plants	Feb.	9
Hotbeds for sweet potatoes	Apr.	14
Hotbeds for testing seed potatoes	May	13
Hotbeds—lamp—heated	Feb.	9
House heating, elec. (Q. & A.)	Feb.	25
How electricity helped me most in 1943—contest letters	Feb.	7
How electricity helps me most—contest letter	June	18
How long between drinks?	Nov.	8
How much rope on a reel?	Feb.	22
How to shear sheep	Apr.	13
INFRA-RED baked bread	Apr.	24
Insulators for magnetism (Q. & A.)	June	7
Iron—electric steam (W. N.)	Dec.	26
Iron, your electric	Feb.	18
Irrigation, garden	Mar.	9
Irrigation of celery	May	25
Irrigation, status	June	10
Irrigator—hose (W. N.)	May	26
JENSEN (Electricity doubles milk production)—contest letter	Feb.	7
Jensen (The fuse blew out)—a poem	Nov.	21
Jensen (Why we want another farm freezer)	Aug.	7
Jet pump—ally of Ohio stock farmer	Aug.	8

	Issue	Page
Job analysis for efficient management	Apr.	9
Johns (A 15-hen laying house)	Mar.	23
Johns (Simple plumbing repairs)	Feb.	11
Johnson (Ohio homemade concrete mixer)	Oct.	9
Johnson (Roaster helps harvest crops)—contest letter	Feb.	8
Johnson (Welder repairs machinery)—contest letter	Mar.	9
KABLE (A "sure enough" push button barn cleaner)	Nov.	7
Kable (Design factors for mow hay finishers)	Mar.	11
Kable (Electric brooders in pig management)	Jan.	7
Kable (Electric heat here and there)	Feb.	24
Kable (Files for the farm shop)	Apr.	8
Kable (Good wiring is a good investment)	Jan.	16
Kable (How to shear sheep)	Apr.	13
Kable (Seventeen years of rural electrification (progress)	June	8
Kable (Winter use of fans)	Feb.	17
Kable (Wiring wind-up)	Feb.	13
Killam (Electric heat tests seed potatoes)	May	13
Kitchen fans	Aug.	16
kitchen planning	June	14
Koontz (Mow hay curing in Virginia)	Mar.	10
Koontz ("Snap the switch" utensil sterilization)	May	7
Krueger (Save your cooling tank)	Dec.	14
LAMB brooders at Buck and Doe Run farms	Mar.	13
Lamp-heated hotbeds	Feb.	10
Lamp shades—choosing	Oct.	14
Lamps for heat and ultraviolet	June	9
Lamps—R-40, heat for pigs	Jan.	9
Laundry methods	Jan.	18
Legbars—new breed of poultry	Aug.	26
Levels with a hose	May	26
Lift for litter carrier (Q. & A.)	Apr.	26
Lighting developments	June	9
Lighting the house—colors	Oct.	10
Lightning arrestors on electric fences	Nov.	20
Lightning protection for wire fences	Aug.	10
Lightning—to prevent striking (Q. & A.)	June	24
Lights save pigs	Dec.	9
Little things make the difference	Dec.	12
Loaners' club—electric equipment	Jan.	17
Lush (Grass a perfect feed)	May	22
MANURE loader (Q. & A.)	June	22
Martin (Boys work with electricity)—contest letter	Mar.	9
Marvin (Electricity unloads the corn wagon)	Aug.	11
Maxwell (To make handles—stick)	Oct.	8
Meals—supplemental industry	Nov.	14
Metal armored plywood (W. N.)	June	26
Milk cooler care	May	14
Milk cooler care	Dec.	14
Milk cooler operation (Q. & A.)	Jan.	25
Milk coolers—two medium better than one large	Aug.	24
Milk cooling, water for (Q. & A.)	May	24
Milk production doubled by electricity—contest letter	Feb.	7
Milk warmer for calf barns	Dec.	12
Milker parts—warmed cabinet for	Dec.	26
Milking machine economies	Apr.	7
Milking machines—care of	Dec.	8
Milking—new techniques	Nov.	9
Milking, wife did the—contest letter	Mar.	9
Milks the cows, husband works in war plant—contest letter	Feb.	7
Mitchell (Ed. Mitchell's chick raisin' secrets)	Feb.	12
Mitchell (Filling the silo a little each day)	Aug.	9
Mitchell (How long between drinks?)	Nov.	8
Mixers for home grown feeds	Nov.	20
Mixing cakes—quick way of	Aug.	17
More protein and vitamin A in young hay	Nov.	19
Motor care	May	26
Motor—do you blanket your?	Jan.	22
Motor for dusty places (W. N.)	Jan.	26
Motor for silo filler—5 hp (Q. & A.)	Apr.	25
Motor—freak	Nov.	26
Motor generator set	Jan.	11
Motor—110v or 220v for (Q. & A.)	Dec.	24
Motor, portable, speed changer	Feb.	16
Motor—6v. D.C. on 110v. A.C. (Q. & A.)	Jan.	25
Motor to help clean seed	Jan.	26
Motors	June	10
Motors for hay finishers	Oct.	22
Motors, reliable	May	22
Mower repaired for $5; worth $175	Mar.	7
Mow hay curing in Virginia	Mar.	10
Mow hay finishers—design factors	Mar.	11
Mud—prevented by chemical	Nov.	26
NAVY has 96,000,000 electric horsepower	Oct.	25
Neise (Our electric washing machine)—contest winner	Mar.	19
New techniques in milking	Nov.	9
Nungezer (Warm your boots)	Mar.	20
Nutritive food units per farm unit	Jan.	22
OBJECTIVE of rural electrification	Jan.	22
Ohio homemade concrete mixer	Oct.	9
"Our electric washing machine"—contest winner	Mar.	19
Owen (Enables me to be Postmaster)—contest letter	Mar.	9
PASTEURIZER, small elec. (Q. & A.)	Apr.	26
Patterns		
For the new year	Jan.	20
Easy to make patterns	Feb.	20
Spring patterns	Mar.	26
Patterned for smartness	Apr.	22
Mother and daughter patterns	May	19
Young looking patterns	June	19
Gift sewing	Nov.	16
Fabric-saving patterns	Dec.	19
Feed bag apron	Dec.	21
Pig and lamb brooders	June	11
Pig and lamb brooders at Buck and Doe Run farms	Mar.	13
Pigmy forest found	Nov.	19
Pile driver for fence posts invented	Nov.	26
Pipe—how to bend copper (Q. & A.)	Dec.	22
